ABOUT THE ACCESS GUIDE COLLABORATION

Development of Access Guide and Inclusive Customer Training

National Gallery Singapore collaborated with Disabled People's Association (DPA) and Levelfield Consultants over a six-month period to produce an Access Guide to provide visitors with disabilities with the information they might need to plan their visit to the museum.

After Levelfield Consultants conducted an initial accessibility audit of the Gallery, Levelfield Consultants and DPA produced the Access Guide. The Guide was validated by DPA Inclusion Ambassadors—DPA members with disabilities—that it was easy to understand and helpful to visitors with disabilities.

DPA Inclusion Ambassadors also provided training for Gallery staff and volunteers on how to better understand the needs of visitors with disabilities. The Inclusion Ambassadors were able to share their diverse lived experiences of various disabilities, and coached customer service staff on how to use the Access Guide.

National Gallery Singapore is thankful for the opportunity to work with DPA and Levelfield Consultants to ensure that our art, exhibitions, and offerings are accessible and inclusive.

DPA Inclusion Ambassador Programme

Inclusion Ambassadors are our members with disabilities who are trained and paid by DPA to effectively engage with public to raise awareness and promote inclusion of people with disabilities at various outreach events.
